HOME INSULATION WARRANTY

THIS IS TO CERTIFY
that Insulco® insulation products
are warranted to meet the following conditions when
installed in accordance with AS3999.

- Last the lifetime of your home.
- Are non-combustible when tested to AS1530.1.
- Achieve Early Fire Hazard Performance Indices of:

Ignitability	0
Spread of flame	0
Heat evolved	0
Smoke developed	0-1

When tested to AS1530.3

- These are the best possible results for fire safety.
- Are allergy free, will not settle, rot, mould or otherwise deteriorate under normal household conditions.
- Will achieve the thermal performance stated on the packaging in accordance with AS/NZS 4859.1.
- Insulco® Fat Batts are safe to use with halogen downlights when installed in accordance with AS3999. part 1

Conditions: This warranty relates to the physical properties of Insulco products only. Insulco does not accept liability for any damage caused during installation nor in connection with any damage caused by defects in our products - other than those covered by relevant legislation. Any claims for defects in materials must be made to the installer within 90 days of the installation date.
